

Hey There,

It's Becca again, with more exciting news on the webinar front!!!!

Thanks to your support, my webinar, '**Self Defined Living: Creating a Life You Don't Need a Vacation From**', introducing my personal development tool for autistic adults to the world, was an incredible success. And when I say support, I mean **SUPPORT!** I was overwhelmed by the shares, sponsorships, registrations, and attendance, and I know that my network of fans made it all possible.

The **exciting news** is that the success of the first webinar has encouraged me to keep sharing 'Self Defined Living' in a BIG way...

I have now developed a **three-unit, virtual course called 'Self Defined Living: A Path to a Quality Autistic Life'** that is designed to help autistic adults create their own thriving autistic life. Each unit consists of an hour-long video webinar, 3 downloadable companion exercises, and a group coaching call, with 1-on-1 mentoring sessions with Becca available to registrants at an additional, but discounted, cost.

Unit 1 is appropriately called "Stepping Forward". In this unit, I will ask registrants to metaphorically step forward into their best selves and their best lives. We will cover the path to a quality autistic life and how to start the journey. Followed by Unit 2, Fortify Your Focus, and Unit 3, The Act of Thriving.

The course can be purchased in a number of ways, keeping it flexible for all budgets. Folks can buy single unit packages, or 2, or 3 unit discount packages and they come with all kinds of extras. There is even an Ultimate Package with extras galore!

Each unit will be **recorded LIVE** on the following dates (a 30 minute Q&A will follow each LIVE recording.):

Unit 1: Stepping Forward
June 10th, 11am MST

Unit 2: Fortify Your Focus
August 5th, 11am MST

Unit 3: The Act of Thriving
September 16th, 11am MST

For more information on purchasing the packages and the contents of the course, head over to my [website](#).

As always, any support you can offer would be absolutely appreciated, and registering is not the only way to do it. A share on social media works wonders, as does a share to your network. I have attached a few images for your use.

I had a ton of success with **sponsorships** with the last webinar, allowing me to give free attendance to some very grateful autistics. If you are interested in a sponsorship, anonymous or otherwise, please simply reply to this email.

Thank you so much for a tiny bit of your one nonrenewable resource, time. I am incredibly grateful in advance.

Autistically Yours,
Becca

PS: If you missed the introductory webinar, or want to share that as well, the recorded presentation is available [here](#).
