

We are currently promoting our digital classes for January and were wondering if you could spread the word in your community and network.

Our students have found our digital programming to be a great way to keep safe and have fun during these isolating times. We are especially hoping to grow our Children Class but there is space in our Youth and Adult classes as well. Thank you kindly for your support!

Propeller Dance provides dance education through weekly dance classes for \*Children\*, \*Youth\* and \*Adults\*. All people, people with no disabilities, people with disabilities of every level and type are welcome to take our weekly dance classes. Our classes focus on creativity and expression, as well as aerobic activity, improving strength, coordination, and flexibility. New students can try out a class before registering for the full term.
